INQUIRY INTO
OPERATION OF
THE PACKERS

Special Government Counsel Makes Sensational Charges.

CLAIMS ATTEMPT MADE
TO INFLUENCE PRESIDENT

To Stop the Investigation. Campaign to Influence Congressmen.

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 26.—Additional correspondence described by Special Government Counsel Heney as "very interesting" in connection with alleged efforts of the big packing firms to forestall an investigation of their business in 1916 was in the hands of the government today to be laid before the federal trade commission's inquiry.

This correspondence, Mr. Heney announced, would deal with what the government believes was a plan of the packers to obtain government publication of meat price figures furnished by themselves through an amendment to the agricultural bill and thus make a congressional investigation as proposed in the Borden resolution of 1916 unnecessary.

Activities behind the scenes in Washington during agitation in 1916 for an investigation of the livestock and packing industry were revealed to the commission yesterday in correspondence taken from the confidential files of Swift and Company of Chicago, showing efforts of the meat packers to defeat such an inquiry.

The Swift correspondence was introduced at the resumption of the trade commission's investigation which was transferred abruptly from the west when Walter Twombly, an agent of the commission, unearthed the documents regarded of such sensational import as to demand consideration by a full commission.

The big packing interests were charged today by Francis J. Heney, special counsel in the federal trade commission's investigation into the meat packing industry with having attempted to bring influence to bear on President Wilson to have the present investigation stopped.

Mr. Heney told the commission that he would show later that a joint telegram recently sent to the president by a number of Detroit bankers protesting that the investigation was disturbing economic conditions, had been inspired by the packers.

Mr. Heney's statement was made in connection with the reading of further confidential documents taken from the files of the Chicago packers, which showed that the packers planned an elaborate campaign in 1916 to influence congressmen against ordering an investigation into the livestock and meat packing industry, as was proposed in the Borden resolution.

Recommendation was made by counsel for the packers that they should undertake to flood the judiciary committee with telegrams from all over the country especially the congressional districts where the members came from protesting against passage of the Borden resolution on the grounds that livestock was selling at very satisfactory prices and any investigation would only disturb such satisfactory prices and any investigation would only disturb such satisfactory conditions.

"It is quite important to reach Gard, of Hamilton, Ohio," the memorandum of counsel read. "Perhaps Proctor of Cincinnati knows him."

Questioned by Commissioner Murdock, Mr. Heney said the "Proctor" referred to was the soap manufacturer. Mr. Murdock found considerable interest in a sentence of the memorandum which recommended that all the messages should be varied. He said it was the psychology of congressmen that when they received a large number of telegrams identical in form, they suspected somebody.

Dimiter Popoff, an enemy alien, is on trial for the murder of Deputy Warden Brock in federal prison at Atlanta, where Popoff was confined. If sentenced to death he will be the first prisoner who ever had the death sentence imposed in that institution.

BELIEVE OIL
BARGES FIRED
BY INCENDIARY

(ASSOCIATED PRESS TELEGRAM)

Newark, N. J., Jan. 26.—More than a million dollars' worth of property was destroyed today in a fire believed to be the work of German spies, which burned up oil barges, a pier, warehouses and freight cars on Newark Bay, close to the point of the submarine boat corporation and storehouses of the quartermasters' department of the army.

As ice conditions prevented the barges being moved out into the channel, dynamite was used to stop the spread of the flames after the burning barges and several hundred feet of docks had been burned.

This plant was recently inspected by Chairman E. N. Hurley of the United States shipping board, who ordered additional military guards for the property. The order was given, it was said, because of hints of a spy-plot which reached Mr. Hurley. The keel of an 800-ton ship was recently laid in the yard.

The barges were lashed to wooden docks which was being used by the quartermaster's department of the army, and in order to save it, soldiers and workmen dynamited the dock to prevent spread of flames. The submarine boat corporation's fire department, realizing that the fire was getting beyond its control, summoned the Newark fire department. Dynamite was used to blast a channel in the ice in order that New York fireboats could reach the barges.

More than 60 guards and 200 soldiers are engaged in protecting the terminals and boat-building plants where thousands of workmen are employed. While the fire was in progress the soldiers established a fire zone and kept shooting their guns in the air to prevent anyone from approaching the blaze.

Three women and 14 men were on the barges when the fire started, and they have been rounded up by the military guard and placed under detention. No lives appear to have been lost.

At 10:30 a. m. officials of the submarine boat corporation here said that the fire was under control, the damage having been confined to the barges, an adjoining pier, several loaded freight cars and a warehouse used by the quartermaster's department of the army. The shipbuilding plant was no longer in danger, the official said. Official estimates of the loss were lacking.

NEWS PRINT MILLS
MUST ALSO CLOSE

(ASSOCIATED PRESS TELEGRAM)

Washington, Jan. 26.—Reversing an earlier ruling the fuel administration today held that news print paper mills must be closed on the next nine Mondays to conserve fuel.

The ruling was changed after the federal trade commission had reported that no newspaper was on hand in the country to supply news print for the next 28 days.

CHARGES GROSS
NEGLIGENCE OF
THE RAILROADS

Report States Freight Congestion Caused By Carelessness.

HUNDREDS OF TRAINS ARE
STALLED ON THE TRACKS

On Account of Locomotives Lying Idle in Shops and Roundhouses.

Washington, Jan. 26.—Gross negligence of railroads under private management in giving proper care to locomotives is a principal cause of the present freight congestion, according to a report presented today to Director General McAdoo by Interstate Commerce Commissioner McChord. After analyzing reports of inspectors who have investigated conditions at the principal points of congestion in the east for several weeks, Commissioner McChord announced that hundreds of locomotives which are sorely needed in the present emergency are idle in shops and roundhouses, frozen through neglect or lacking repairs which might have been made if proper forethought had been given by local railroad officials.

Naming specific yards and terminals where scores of trains are stalled for days awaiting motive power, Commissioner McChord showed that engines lay in round houses without doors to protect them against cold, and that machinery was damaged by the ice which encrusted it. For lack of repairs, other locomotives were operated with steam seeping from loose fittings, and power was reduced correspondingly.

This condition was reported to be due partly to the scarcity of machinists and repairmen, who have been drawn to other industries, but very largely to negligence of local railway officials in making preparations before winter arrived.

A marked example of the engine shortage was shown by reports from Pittsburg, Pa., east of Pittsburgh on the Pennsylvania, where one day early this week 91 heavy trains were in the yard, requiring 160 heavy locomotives to move them. Only twelve engines were available. The yard held whole trains of empty coal cars which could not be moved for lack of engines. Ice and snow partially filled the engine pits, and the place was so cold that repairmen found difficulty in working.

At Scully yard, west of Pittsburgh on the Pennsylvania, shortage of engines prevented westward movement of about 1600 cars in a single day early this week, and this situation was reported chronic. Only two-thirds of the repair force were on work, on account of cold weather.

In the Baltimore terminal of the Pennsylvania road, on the same day, eight trains were ready for movement with only three locomotives on hand. At East Altoona 50 stalls of the enginehouse were filled with broken locomotives and 14 waited outside for repairs.

Similar shortage of locomotives prevent normal movement on the New Haven, Baltimore and Ohio, Erie, Philadelphia and Reading, Central of New Jersey and other lines. At the Harlem river terminal, New York, nearly 4000 cars were held by roads for delivery to the New Haven, which was unable to accept them because of lack of engines.

WILL ASK WILSON
TO USE OFFICES IN
BEHALF OF MOONEY

Washington, Jan. 26.—Recommendation that President Wilson use his good office to induce California authorities to bring about a new trial of Thomas J. Mooney in case the California supreme court sustains his conviction for complicity in the San Francisco bomb outrages, was made today by the president's mediation commission.

In a report to the president, the commission, which has conducted an exclusive investigation of the trials of Mooney, Warren K. Billings, Mrs. Rena Mooney and Israel Weisberg, declared this could be done by postponing the execution of the death sentence imposed on Mooney awaiting the outcome of a new trial based upon prosecution under one of the unfilled indictments against him.

A history of the four cases is given in the report and the conclusion reached that the Mooney case soon resolved itself into new aspect of an old industrial feud instead of a subject demanding calm search for the truth.

After telling of the connection of Billings and Mooney the report points out that Mrs. Mooney and Weisberg, facing the same evidence, were acquitted because the testimony of Frank Oxman, the main witness for the state, had been discredited before their trials.

WESTINGHOUSE PLANT BURNS.

Butta, Jan. 26.—The Westinghouse Electric and Manufacturing company's service and repair plant near the water front was burned today. The loss was \$150,000.

ARE REPORTED
FROM BERLIN

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 26.—The Amsterdam correspondent of the Express, says that extraordinary reports are current concerning a revolution in Germany, and that there have been rumors of grave disorders in Berlin during the past two days, the rioters clamoring for peace. He also reports bread riots, which were ruthlessly repressed by the police, many men, women and children being wounded.

The correspondent admits that confirmation of these rumors is impossible, but thinks that it is remarkable that no telegrams, either press or commercial, were received in Holland on Friday, direct from Berlin, all coming from round-about routes. All of Thursday morning's Berlin newspapers have arrived.

BRITISH LABOR PARTY
TAKES FIRM STAND ON
PROSECUTION OF WAR

(ASSOCIATED PRESS TELEGRAM)
Nottingham, Eng., Jan. 26.—The British labor party has closed the most important convention in its history. The outstanding fact of the three days proceedings is the firm stand taken on the war. British labor emphatically reasserted that "the world must be completely and finally rid of aggressive militarism."

The pacifist element in the conference, although demonstrative, was beaten decisively on every occasion its proposals reached the voting stage. For three years the question of the conduct of the war has been the principal pre-occupation of this annual conference and each time labor has decided to go on, but it never before has spoken in so emphatic and specific a manner as this year, nor with such unanimity.

For the American public one of the main points of interest is the party's unequivocal acceptance of President Wilson as its own prophet. Not a single resolution or declaration on the subject of war or peace omitted an endorsement of President Wilson's war aims and attitude. No other allied statesman received a similar tribute. Premier Lloyd George had many carping critics and President Poincaré was not mentioned, but not even speakers representing the disaffected fringes of the party spoke a disparaging word on the attitude of the American president and people.

During the course of the convention there were occasional outbursts of revolutionary sentiment from irresponsible delegates, but Arthur Henderson, as head of the party, disposed of them with scant courtesy.

FIRE THREATENS
CANADIAN TOWN

(ASSOCIATED PRESS TELEGRAM)
Toronto, Jan. 26.—A serious fire is in progress in Peterboro, an extensive manufacturing town, 94 miles northeast of here. Wire communication has been interrupted and details so far are meager.

Lindsay, a town 25 miles away, sent aid during the night to help fight the flames.

Peterboro is a port of entry on the Otonabee river, and has many manufacturing plants, including iron, woodware, woolens, etc. It has a large export trade in grain, pork and lumber. The famous "Peterboro canoes" are manufactured in the town. The population is about 15,000.

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 26.—Belgium got another credit of \$9,000,000 today, making her total loans from the United States \$86,400,000. Total credits to all the allies now are \$4,247,400,000.

MINERS FAVOR THE
ESTABLISHMENT OF
A PENSION SYSTEM

(ASSOCIATED PRESS TELEGRAM)

Indianapolis, Jan. 26.—Before the expected final adjournment of the convention of the United Mine Workers of America late today the delegates plan to adopt a policy to meet the issues presented in two important suits that have been decided to the union. The formulation of a policy was entrusted to a special committee of nine district presidents.

Besides adopting a plan of action the union must raise \$500,000 as an appeal bond to secure the payment of a judgment of \$699,000 won by the Coronado Coal company and others against the organization for alleged violation of the Sherman anti-trust laws in Arkansas. The suit was for \$2,000,000, and a verdict of \$200,000 was returned, which, under the law, was trebled.

The other case in which the union is involved is that of the Hitchman Coal & Coke company of West Virginia. In this case the union officials were enjoined from soliciting the company's men to join the United Mine Workers and the officers have been cited to appear before the supreme court of the United States and show cause why they should not be adjudged in contempt for alleged violation of the injunction.

A special committee of the union has made a report in favor of establishing an old age pension system instead of founding a home for old or disabled miners. It is expected the pension question will be referred to another committee to report to the next convention before steps are taken to establish a system.

PEACE TERMS
HOLD INTEREST
OF THE PUBLIC

(Compiled from A. P. Dispatches.)
Discussion of war aims—or peace terms—is claiming public attention almost to the total exclusion of military affairs. Active operations, in fact, are in progress nowhere just at present, except in the way of the never-ceasing cannonading along the various fronts and the reconnoitering activities that necessity constantly compels, even in the dead of winter.

Echos of the speeches delivered by Count von Hertling, the German imperial chancellor, and Count Czernin, the Austro-Hungarian foreign minister, in reply to Premier Lloyd George and President Wilson are plentifully found in the comment of the press at home and abroad, and there seems comparatively little diversity of opinion in the various allied capitals.

The prevailing view in London, as reflected in the press, is that Germany has adopted what amounts to an uncompromising attitude, desiring to listen to no peace terms but her own, while Austria, although more conciliatory because of internal conditions, is unrelentingly faithful to her German ally.

A representative French view is that the central powers are revealed in the speeches as trying to drive a wedge between the allied nations by attempting to open separate debates with each, and that Chancellor von Hertling, in particular, has made an effort to eliminate the question of Alsace-Lorraine from President Wilson's peace program.

Some of the foreign commentators attack considerable importance to the invitation of the German chancellor for continued conversations on the subject of peace terms. One striking view is that of an important London newspaper, which regards the two speeches as a combined diplomatic offensive against the entente allies, with the attack chiefly aimed at President Wilson.

AUSTRIA WILLING TO
ACCEPT PEACE TERMS

London, Jan. 26.—Austria has declared her readiness to conclude a separate peace without Germany and to accept the Russian democratic program with the exception of self-determination of nations, says a dispatch from Petrograd to the Exchange Telegraph Co.

CAMP SHERMAN
PREPARING FOR
NEW RECRUITSSelects Will Be Sent Under
New Provisions of the
Draft Law.EXPECTED AT CAMP ON
AND AFTER FEBRUARY 15Men At Work Placing Camp
in State of Defense
Against Floods.

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, O., Jan. 26.—Between 8000 and 9000 additional selects are expected here on and after February 15. Military authorities already are making preparations to receive the new soldiers, who will be distributed among the units of the division to recoup losses caused by transfers and by selects being discharged for physical disability.

The new selects will come under the new provisions of the draft law and will be men from class 1, section A, of the draft, under the classification of the questionnaires.

Under the new provisions the incoming draftees will be examined by regimental surgeons on the day following their arrival and at the same time will be inoculated against typhoid, paratyphoid and vaccinated against smallpox.

Further conservation of both food and fuel is asked of the entire camp by the commanding officer in memorandums published today. In view of the shortage of food, mutton, pork, veal, bacon, butter, cream, ham, salt pork, sugar, crackers and white bread, substitutes have been purchased in large quantities for the selects. Officers have been instructed that fish must be the principal dish served at least nine meals a month, instead of meat, and that cheese, beans, eggs and peas be used wherever possible. Various vegetable oils are urged as substitutes for butter.

Selects today were put to work to put the camp in a state of defense against a possible flood, as a result of the rise in temperature. Drainage ditches are being put in shape to take care of the vast quantities of water from the melted snow and ice from the camp and the adjoining hills.

William May, said to be head of the traffic in intoxicating liquors to soldiers here, was arrested today charged with selling liquor to soldiers in uniform. He will be arraigned before United States Commissioner Evans. Lee Winks, arrested Sunday at Circleville, today was bound over to the grand jury on a charge of selling liquor to soldiers. A bond of \$1000 for the same offense.

Six selects today were ordered discharged for physical disability. Eight men from the 329th infantry have been transferred to the enlisted ordnance corps and attached to the 329th infantry as an ordnance field force.

A board of officers has been appointed to examine chaplain candidates for the cantonment. All Swiss citizens among the foreign-born selects here will be given ample opportunity to prove their Swiss citizenship and of clearing discharge on that ground, according to orders issued today.

LONDON COMMENT ON
VON HERTLING AND
CZERNIN SPEECHES

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 26.—The view entertained by a majority of the morning newspapers of London respecting the speeches of Chancellor von Hertling and Foreign Minister Czernin is that Germany regards herself as the conqueror, that she is determined upon aggression and is prepared to listen to no peace terms except her own and therefore the war must go on.

It is admitted that the tone of the Austro-Hungarian foreign minister is more conciliatory than that of the German chancellor but this is attributed largely to the pressure of internal conditions in Austria-Hungary. Count Czernin's respectful reference to President Wilson's address are received coolly for the most part because of his declared fidelity to the alliance with Germany.

COLD IMPROVING.
Washington, Jan. 26.—President Wilson's cold showed some improvement today but he remained indoors and no engagements were made for him.

GERMANS SUFFER FROM ATTACKS BRITISH AIRMEN

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 26.—Aerial activity on a large scale on Thursday, owing to favorable weather conditions, reported in the British official statement issued today. The statement says:

"More than 300 bombs were dropped on the Courtrai, Ledeghem and Douai railway stations, the airfield near Courtrai and on German billets west of Cambrai. The enemy's hangars at Douai and other ground-targets were bombed by airplanes. Seven hostile machines were brought down fighting, and five others were driven out of control. Two British machines are missing.

"As soon as it was dark, British night-fliers bombed a German airfield, northeast of Ghent, and other airfields near Courtrai and billets around Roulers. All of the machines returned. At the same time other machines raided several objectives in Germany making direct hits on factories, docks, and in the town of Mannheim.

"The barracks and railway station at Trevis, the steel works at Thionville, and the railway stations at Saarbrücken and Oberbiling, also were attacked with good results. The pilots report large explosions at all objectives and a big fire at Trevis. One of our machines failed to return."

FOOD PROCLAMATION WILL BE ISSUED BY PRESIDENT WILSON

Washington, Jan. 26.—President Wilson today completed his proclamation calling on the American people for greater food conserving in order to release more food for the army and to the allies. It will be given out at the White House tonight for publication in Sunday's newspapers.

The proclamation will present the food administration's 1918 food conservation program and will be accompanied by regulations by the food administration limiting the sale and distribution of wheat flour.

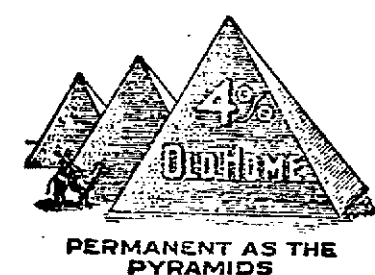

The food problem in allied countries has assumed so serious an aspect that President Wilson feels it necessary to request the American people to practice food conservation on a more intensive plan.

"Greater food saving in America," it was pointed out by Food Administrator Hoover, will create an export surplus that will prove materially effective in relieving the needs of the allies. Although for the most part, voluntary effort will be relied upon, it is planned to use measures of forced conservation in reducing the consumption of some of the important staple commodities.

The present situation in the allied countries was presented bluntly to the government in a cablegram last night from Lord Rhonda, the British food controller, who declared "it now lies with America to decide whether or not the allies in Europe shall have enough bread to hold out."

CANNOT LOCATE CAPE.
Rochester, N. Y., Jan. 26.—The questionnaire which had been forwarded by the local exemption board to Edgar G. Cape of Newark, O., has been returned unopened, as the postal authorities in that city were unable to locate Cape. He registered June 5 for the draft for military service in Rochester.

"DING! DING!" RING THE ALARM GONGS IN FRANCE; THEN SOLDIERS AND HORSES DON THEIR GAS MASKS

"One of the most novel and interesting experiences of the new soldier is anti-gas drill," said Brig. Gen. W. A. White of the British and Canadian Recruiting Mission. "Since the Germans first used this method of attack all of our soldiers have been initiated into the mysteries of the game so that they can thoroughly protect themselves. There are gas sentries all along the lines and at advanced dressing stations and gongs are sounded, bells rung and whistles blown to warn everyone of the danger so that no time will be lost in getting their masks on. We have sent 14,000 Britishers and Canadians into the army from the United States and we want 175,000 more of them to volunteer at once. One of the pictures illustrating this article shows how the recruits from the United States are taught to march with their masks on and another picture makes plain the fact that even the horses are trained in the use of this protective device. The third picture shows a long line of soldiers leaving the gas chamber, where they have successfully defied the effects of the fumes with the aid of their gas helmets."

MAYOR ASKS FOR CONFERENCE WITH LOCAL SALOONISTS

Mayor H. A. Atherton has called a meeting of the saloon proprietors of the city to be held in the court room adjoining the mayor's office Sunday afternoon at 2 o'clock.

The meeting is to discuss the closing of the saloons at 10 o'clock each evening until the present fuel crisis is averted. The majority of the proprietors voluntarily offered to close their places of business at 10 o'clock beginning last week, but a few of them have not complied with the suggestion.

It seems to be generally understood that it is considered but fair to all, that all the owners fall in with the suggestion for a few weeks, until matters right themselves.

Suit for Money.
A petition was filed today in common pleas court by Joseph W. Horner against Jerome B. Ferguson et al. The case was appended from the docket of Justice Bert O. Horton.

The plaintiff says the defendants are indebted to him in the sum of \$100 for legal services performed in a divorce case then pending in probate court. The plaintiff says the defendants are entitled to a credit of \$50, and that the balance of \$50 is unpaid. The plaintiff seeks judgment against the defendants in the sum of \$50, with interest from April, 1917.

Justice Courts Close.
The offices of Justice D. M. Jones and Bert O. Horton will be closed every Monday until March 25, in accordance with the orders of the fuel administration.

Granted Divorce.
A divorce was granted yesterday in common pleas court in the case of Marie Bayner vs. James Baynard. The plaintiff charged the defendant with habitual drunkenness and extreme cruelty. She was granted a divorce and \$500 alimony.

Sentence Suspended.
In the case of the State of Ohio vs. Everett A. Weekley, indicted for failure to provide for minor child, the defendant changed his former plea of not guilty. He was sentenced to the penitentiary, and sentence was suspended conditionally upon paying \$5 weekly for the support of the child and entering into a bond in the sum of \$500.

INQUIRY INTO OPERATION OF THE PACKERS

(Continued from Page 1.)
was trying to "put something over" which undoubtedly was recognized by the packers also. Indication that the packers had advance information of what was being done in connection with the Borland resolution was contained in a memorandum taken from the files of Wilson and Company, but which carried a notation showing that it was sent to all of the five big packing companies. The memorandum said:

"Mr. Faulkner (counsel for Armour) has received word from Washington that the Borland hearings have been definitely set for June 28. Do not mention the fact that we have this advance information as the official word probably will be out within a day or two. It is not believed that Mr. Fisher knows it as yet.

Mr. Fisher referred to was Walter Fisher, counsel for the livestock men who were urging the investigation. Statisticians by Francis J. Heney, that Armour and Company had been found to control the street railways of Kansas City was the first indication that the financial ramifications of the packers touched many street railway systems.

"The influence of the packers in Kansas City is more widespread than in any other city of the United States excepting Chicago," Mr. Heney said.

Evidence of the packers influence in the tin industry also has been discovered. Mr. Heney told Commissioner Murdock who asked about that phase of the inquiry, after remarking that the packers were broadening their activities in the production of canned food.

Control by the packers over financial institutions has reached an extent, Mr. Heney said, that recently when an independent packer asked for a loan from one of the big New York banks wrote to Thomas E. Wilson of Wilson and Company asking if the credit should be extended.

Division of livestock buying throughout the United States by the five big packers which would have the effect of limiting competition between them, was charged by Mr. Heney on the basis of a memorandum taken from the confidential files of Edward F. Swift.

Evidence that the packers had obtained confidential information in 1915 caused Francis J. Heney, counsel in the meat packing investigation, to protest publicly to the federal trade commission today against the practice of leaving the offices in the commission's building unlocked. "I have several times returned and found an attorney for the packers alone in my office," Mr. Heney said.

FOOD SAVING MESSAGES IN YOUR LETTERS.

There is a distinct channel for food saving publicity in correspondence. The postoffice department is now using recycling stamps with the words "Food Will Win the War—Don't Waste It." As a method by which everybody may cooperate, H. J. Thomas, superintendent of the dining-car service of the Northern Pacific railway, uses a rubber stamp at the bottom of each letter sent out, with the following message:

IF EACH HOME SAVES—

One ounce of meat daily it means 465,000,000 pounds annually.

And one slice of bread, 365,000,000 loaves annually.

And one piece of butter, 114,000,000 pounds annually.

And one cup of milk, 912,000,000 quarts.

Or the product of 400,000 cows annually.

LET US DO OUR PART.

THE LOCAL COAL SITUATION STILL REMAINS SERIOUS

Fuel Administrator J. S. Herzog, stated this morning that while orders are not being placed in as large numbers within the last two days as they were during the last week, yet the local situation remains practically unchanged, and is still serious. At the present time deliveries are one week late, with approximately 700 orders unfilled. These have not as yet been turned over to dealers, due to shortage.

The fuel administrator again calls the attention of the public to the fact that all orders must be placed through the coal clearing house, 26 1-2 North Park Place, and that only such orders as are so placed will be honored by dealers. This is in order to prevent duplication and to insure every one securing a supply in turn.

The administrator declared the purpose of the clearing house to be to insure an equal and just distribution of the coal, and to prevent one family from securing a large supply while some other family is allowed to go without any fuel whatever. All orders are handled in the order in which they are received, and absolutely no favoritism is shown. Mr. Herzog further urges that orders be placed five or six days before the fuel will be actually required, in order to insure its delivery in time. If all persons would order well in advance, there would be no difficulty in filling orders.

Attention is also called to the fact that the present difficulty is not one of inability to deliver the coal, but rather to secure a sufficient supply from the mines to meet the demand. The opinion seems to prevail in some quarters, that coal can be secured at once if the person requiring it will do their own hauling. This is not the case, as there is no difficulty in hauling all of the coal which comes in Newark on any one day. If a person were allowed to haul his own coal, without waiting his turn, that would simply mean that some family which has been waiting for several days to secure a supply, would be held up for one additional day, and perhaps more.

Farmers are being treated the same as the city people, they being asked to place their order and wait their turn. When the day for their delivery comes, they will be called on the phone and advised that their turn has come and that if they will come in they can secure their coal. Practically every farmer has agreed that this is the only fair way, and have gladly agreed to the plan.

Persons who have placed orders with the various dealers several months ago, and who may be depending on securing a supply on their old orders, are advised that those orders are no longer considered by the Fuel Administration and should place their order through the clearing house, in the regular way.

If the public will remember the following rules, less difficulty will be had in filling orders:

1. All orders are delivered in order as received.

2. All orders MUST BE PLACED THROUGH THE COAL CLEARING HOUSE.

3. Orders should be placed five or six days before the coal is actually required.

Some difficulty has also been experienced through deliveries being made by the dealers, and no one found at home. In these cases the coal is not left. Persons with orders for coal which is likely to be delivered while they are away from home should arrange to leave the money next door, with full instructions as to where the coal is to be placed, etc. It is unfair to the dealer to have to haul coal only to find no one at home, and to have to haul to some other address.

Instructions received Friday regarding the Monday closing order provide for the following:

All food stores, wholesale and retail, including commission men, jobbers and feed dealers, must close their doors at noon maintaining only necessary heat to prevent freezing food stuffs during rest of day.

Retail food stores shall not operate cigar or confectionary counters even though in same room which is heated. This is to protect cigar store dealers and confectioners forced to close.

Hotels open as restaurants must not operate cigar and confectionary counters.

Barber shops will open Mondays, but close on Tuesdays.

GOOD SCORES IN FIVE-MAN EVENT

Cleveland, Jan. 26.—The reign of the Jantz Bandels, of Cleveland, as leaders in the five-man event of the 15th annual Ohio State Bowling Association tournament now in progress here, was short lived. The Bandels were forced into second place last night, when the Midland Tire and Rubber team of Cleveland rolled 2797 against the Bandels' total of 2757. The Davis Tigers, of Cleveland are in third place in the five man event with a score of 2720.

The East Ends, of Akron, the first out of town quintet to roll, went into fifth place last night with a score of 2592.

Wolf and Eiben, of Cleveland, are leading in the doubles with a score of 1156.

Ernest Brooks of Cleveland leads in the singles with a total of 585. Today night will be termed Cincinnati day at the tournament for 26 doubles, 25 singles and 12 five man teams from that city will bowl.

One double and two individual entries from Akron and three singles and three doubles from Cleveland will also roll today.

Lots of people find themselves on the one from their habit of rubbing it in.

FOOD SIGNS.
Five hundred painted bulletins and electric signs with the words "Food Will Win the War—Don't Waste It" have been installed throughout the country. But 5000 such signs are needed as an aid to visualize the possibilities in this work and to secure co-operative effort. The Outdoor Advertising Section of the Food Administration, Washington, D. C., has issued a broadside showing more than a dozen typical food bulletins in different locations. Copies of this circular, together with any other information desired, will be sent to inquirers.

AN ICE CREAM EFFICIENCY ORGANIZATION.

For the purpose of exchanging ideas on conservation, efficiency, elimination of waste, and good plant management 10 ice cream manufacturers have incorporated the Inter-Cities Ice Cream Co., to meet war problems with good information on a teamwork basis. Two of these companies are in Cleveland, which is the headquarters of the new corporation, two in Washington, D. C., two in Detroit, three in Toledo, and one in Warren, O.

NEWSPAPERS OF GERMANY PICTURE NURSES BUSY IN THEIR GAS MASKS

A photograph that has been widely printed in the German newspapers.

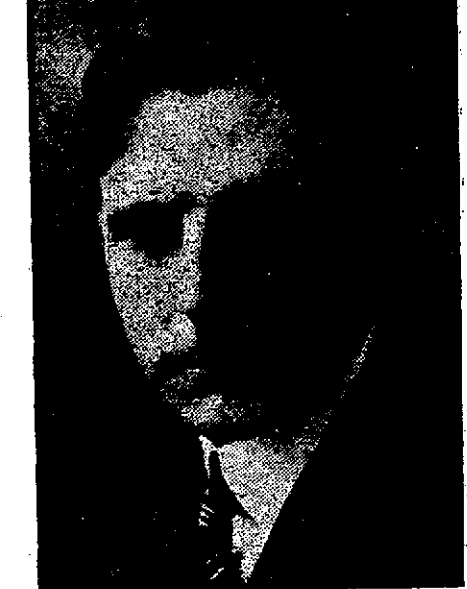

Newspapers in all of the cities of Germany and her allies have printed the picture above, which is supposed to show the heroic work of German nurses at the front. It shows German nurses working in gas masks on the Italian front and bringing first aid to soldiers who have been gassed.

WILL DEDICATE A SERVICE FLAG AT PYTHIAN HALL

Sunday afternoon at 2 o'clock the Pythians of this city and their families and friends will gather in force to do honor to the Knights who have enlisted in the cause of humanity and are now being prepared on sea and land for service "over there." Forty Pythians from this city have up to the present time joined the colors, and many others are waiting the call. The two large service flags will be unfurled and a patriotic ceremony appropriate to the occasion will be carried out. Following is the program:

Invocation—Rev. A. B. Cox.
Song: "America"—Audience.
Purpose of Meeting—C. L. Flory.
Solo—Frank Street.
Ten minute talk—Member of Old Guard.
Solo—Robert Higgs.
Address—A. Ray Evans.
Benediction—Rev. J. E. Walter.

Mr. Evans, who has been stationed at Camp Sherman for some time in Y. M. C. A. work, is well qualified to give an interesting talk. He

A. RAY EVANS.

is heart and soul in the war and while his principal business is looking after the spiritual side of the boys and seeing they are kept morally clean, he is a patriot of the highest type. Mr. Evans expects to sail for France within a week to take up the work right on the scene of action. He will have a message for all Captain Charles W. Montgomery had been secured for this address, but late Friday night sent word to the committee that he had been ordered to Toledo by the government and would be unable to be present. Mr. Evans kindly consented to take his place. Everybody is invited, especially the families of the boys represented on the service flags.

Below will be found the names of the boys of the two Newark lodges who will be remembered tomorrow. Every effort has been made to keep track of those existing, but if any have been overlooked the committee will gladly add their names.

AMUSEMENTS

AUDITORIUM.

Last Night's Show.
A crowded house greeted "Oh, Boy," a very clever musical comedy played by a very capable company. The play had to do with the troubles of a young man just married and forced to leave his bride and his bride's family in rapid succession gave a chance for the interjection of much good comedy and ridiculous situations.
The score contained many tuneful musical numbers and while there were no extraordinary voices, the cast was as a whole very good. The scenic effects were pleasing and the wardrobes were carefully selected with the greatest of care, were becoming and appropriate and were designed and executed by one of the best known costumers in the metropolis.
Gettrude Walzel as "Lou Ellen Carter," and Leona Thompson as "Bessie Sampson" were both clever, the former being a handsome little lady with a delightful little lisp. Helen Du Bois as "Miss Fidelity Bunker" was a good actress, and the young man, who was uproariously funny, in the country club scene where she imbibed several cocktails, believing them to be lemonade. The remainder of the cast, including the male and female chorus, was evenly balanced and assisted in producing an excellent production.
Tonight Frederick Bowers comes to the Auditorium with a company of fifty people in the big New York musical hit, "His Bridal Night." The company play three nights next week at the Hartman theatre at Columbus, New Jersey, Friday and Saturday, and several from here who had sent orders in to the Capital City have had them cancelled.

"His Bridal Night."

The big musical comedy success, "His Bridal Night," with Frederick V. Bowers and a large company is playing at the Auditorium today. This company comes highly recommended and New York musical comedy seekers are assured a grand treat.
Mr. Bowers, star of this attraction, also composer of the music, is perhaps one of the most successful composers of popular music in this country. Among some of his hits are "Always Because I Think of You," "In the Early Morning," "Down Where the Cooanants Grow," and "No One But You."
It is claimed that several new hits will be placed to his credit in "His Bridal Night." The company has composed sixteen numbers, none of which has been published. The company is a large one, and Alma Youlin, who plays the prima donna role is one of the favorite sopranos of musical comedy. She may, perhaps, be remembered here by her work with Evans and McIntyre in "My Home Town Girl." Another feature about "His Bridal Night" is that the piece has been called "two girls so much alike that no one can tell one from the other. They were hard to find but the Duke, Twine, and the Duke's vaudeville and they filled the bill. It is claimed that they were so much alike that when they were both present, both appear at once in order that they might not hand one the salaries of both. This afternoon to a well filled house and another performance will be given tomorrow evening. The entire large but there still remain many choice seats.

Sunday's Program.

Roscoe (Fatty) Arbuckle, who will delight his many admirers at the Auditorium tomorrow and Monday, when he will be seen in his latest picture, "Unknown 274," will also be seen in "Out West." In this both Buster Keaton and Al St. John are seen in some most laughable scenes. In "Out West," the scenes being laid in the west, you can imagine the possibilities for fun. This is added feature of the picture, which will be seen in "Unknown 274." Hearst's Pathe News and the Cleveland Plain Dealer Magazine make a most interesting Sunday program.
Smiling June Caprice, the "Sunshine Maid," will be with us Sunday in the picture "Unknown 274." This star's latest picture will be shown at the Auditorium theatre, tomorrow Sunday.
In the play "Miss Caprice" is the child of a man whose father disowns him for marrying, as he believes, a girl who is engaged to be married to an official of a foreign government. The young man and his wife flee to the United States and the father, who is in the play, is born; the father is enticed onto a warship of his own country and taken captive and put in prison for desertion from army service. The mother gets word that her husband has died in prison. She puts her child in an orphanage in Maine and ends her life. Sixteen years later a scheming woman and man for New York believe they can pass this child off as their own. The child, who is now a young man, is the highest bidder among New York's young spendthrift millionaires. How they are and how they are brought back to him in some pretty situations. Al June gets a millionaires, because of the scheming man and woman, but despite them.
June is the big feature tomorrow and is seen together with "The Hearst-Pathe News" and the Cleveland Plain Dealer Magazine. The orchestra also will be heard in new selections.

"The Man Without a Country."

"The Man Without a Country" tells the story of John Alton, who is a young American residing in New York just prior to America's entrance into the World War. Alton, who is a pacifist, is engaged to be married to a girl whose father, Phineas Blair, is head of the pacifist society. Barbara, is intensely patriotic and will not change his views after her brother, Tom, has enlisted. Barbara breaks her engagement with Alton and marries a Red Cross nurse, Dr. Milton, a friend of Alton's father. Alton is spurned by the young man when he tries to ask her to marry him. Alton, who is a pacifist, is sent to the United States. Alton, Milton leaves after giving Alton a copy of the "Man Without a Country." Alton, who has been brought with him, Edward Everett Hale's story of unfortunate Philip Nolan, a little in the United States Army, who was on trial for treason in 1807.
"D—n the United States: I wish I may never hear of the United States again."
When Alton reads these lines he looks at the book in wonderment, saying: "Why these are the very words I recently used at the club." As he speaks, his sweetheart, in the guise of Columbia, the Goddess of Liberty, appears before him, and tells him that in a previous incarnation, he, John Alton, pacifist was sent to the United States and leads him back to all of the scenes in which that unhappy figure figured.
This wonderful feature is the Auditorium attraction next Monday, and to-morrow with the Hearst-Pathe News. It will be shown in continuous, starting at 1:30 p. m., with no advance in prices.

"The Man Who Came Back."

One week before leaving New York, at the end of its phenomenal run of 37 weeks, "The Man Who Came Back," which will be seen at the Auditorium on next Thursday evening, recently made a long trip to give a Sunday performance at the Flatbush, and although it meant leaving New York immediately after the Saturday night performance, it was worth the trip. The picture, which is a rushing band to the train directly Sunday evening, was seen over in order to be back in New York for Monday, it was an experience which, none of the company would have missed. The Flatbush during the week for the embryo officers is one hop-skip-and-jump from 3:30 in the morning until 8:30 at night, and on Sunday there are a lot of three young men, formerly leaders in the law, newspaper and other professions, who are eager for a diversion. Consequently, the advertisement of a New York company with New

York's biggest success was hailed as a God-send.
It would be difficult to say which contingent got most of the applause, the performance, the audience, composed of 2500 young men in uniform who yelled with delight at the feat of each curtain in appreciation of the numerous thrills they had received throughout the act, or the company itself, who saw across the footlights a sea of faces, faces which would soon be turned toward France and which promised no good to the German General Staff as they sang "The Yanks Are Coming," and turned, at inspiring attention, toward the flag as the final "Star Spangled Banner" was played.

After the performance Col. Wolfe, who is in command of the camp, came behind the scenes and thanked the company for their performance and said that it had been just what was needed for the men. It was not a "talky" play nor a silly play, but one with sharp, quick action which gave the men a chance to bite on mentally.
"The Man Who Came Back" will be seen in Newark on next Thursday and includes in the cast, William Hamilton, Harry Sleight, Henry Davies, Frank Houson, William Blaisdell, Dorothy Bernard, Lemond, Alma Chester and others.

Auditorium Notes.
Newark is getting some real attractions in the amusement line these days. The "Oh, Boy" company drew capacity crowds at the Auditorium and pleased greatly. "His Bridal Night," with Frederick V. Bowers is the attraction today.

A most pleasing Sunday program is seen at the Auditorium tomorrow in June Caprice in "Unknown 274" and Roscoe Arbuckle, who is seen in his latest comedy, "Out West."

Continuous showings will be given at the Auditorium next Monday when the late Florence La Bado is seen in "The Man Without a Country," also "Out West" being held over. No show Tuesday.
Three German Musicians of "Katinaka," the Arthur Hammerstein Musical show, were arrested in Canada last week. One was the musical director of the company. They will be interned at Windsor until the end of the war.
"The Son of Democracy," the life of Abraham Lincoln, is being well advertised by the Pathe News and Picture Corp. who have secured the rights of these features. The different episodes will soon start at the Auditorium.
In "Out West," the Arbuckle Paramount Comedy, in which Fatty is seen at the Auditorium tomorrow and Monday, it is said that Fatty will outdo all previous comedies in point of novelty and general interest, besides humor. The picture is a treat, as the western thriller. In this Arbuckle is supported by Al St. John, Buster Keaton and Alice Lake. One scene shows a man walking out of the west on the rail of a saloon bar taking a schooner of beer with gusto. The scene horse back and over yonder is gait, like nothing so much as a man coming home at 4 a. m. after a New Year celebration.

Sirens of the Sea is another Jewel Feature that will be shown at the Auditorium next Monday. The picture, featuring Louise Lovely and Carmel Myers, Jack Mulhall and an all-star cast, tells the story of an enchanted island and over yonder is Lorelei and her sirens. It is a water production, the scenes and scenery being most elaborate.
Charlie Chaplin began work this week in his Los Angeles studio on his first feature under the First Exhibitors Circuit. His new plant is said to be the finest and most artistic studio on the West Coast. The picture, which is said to be a production as will Zaza Pitts, who was seen as the slavey in Mary Pickford's last picture seen here, "The Little Princess."
"Over Here," a reel feature, showing America's greatest achievement, the conversion of thousands of acres of timberland in U. S. Military cities within fifty-two days, is the feature at the Auditorium next Monday. It will be shown together with Charles Ray in "The Son of Father," a most wonderful Paramount picture, Friday and Saturday next week. Ray will be remembered by his clever Tri-angle work.
"The Oh, Boy" company left this morning for Zanesville, where they play today, and "His Bridal Night" came in from Zanesville, where the company appeared yesterday.

"The Man Who Came Back" is the first William A. Brady attraction to Newark in a number of years. Brady has only a few road attractions now, for he is more interested in the picture, and the company made the two-reel "Over Here" feature that comes to the Auditorium next week.

GEN.

Ranchmen of Arizona and Southern California have no great love for motion picture companies. All of their can't keep "hands" to work for them. One of the latest forays of this character was made by Jack Gardner and his company when they went to Arizona to film the big fight scenes for his forthcoming Essanay photodrama, "Men of the Desert." Nearly 1,000 cowboys were recruited from the surrounding district, however the Essanay officials appeared the disgruntled ranch owners by giving them parts in the picture, too.

GRAND.

Bill Hart took to his laurels! O. Henry's story, "Madame Bo-Peep of the Ranches," has been put into pictures by Triang and Seena Owen. Madame Bo-Peep, rides a bucking broncho, leaps from horseback to a speeding train, swims across the lake wearing heavy khaki suit and knocks down an assailant at the same time making a lightning leap and strike her the east and west meet, the greater part of the action taking place in the

"The Man Who Came Back," Attraction at the Auditorium Next Thursday

west. Miss Owen appears first as a society debutante and finally as the proprietor of a sheep ranch in the wild and woolly west.
Shown at the Grand on Sunday in connection with the Triangle-Keystone Comedy, "She Needed a Doctor."

ALHAMBRA.

W. Carey Wonderly's popular novel, "Broadway Love," has been visualized by Bluebird photoplays and will be presented at the Alhambra theatre on Sunday, with Dorothy Phillips, the star, and Juanita Hansen, Lou Chancy and William Stowell playing the principal supporting roles. "Broadway Love" reflects a new side-light on "The Great White Way" and the intimate incidents of theatrical life will lend an unusual interest to the complicated plot.

Over two hundred Georgia "darkies" picking cotton in the fields on a plantation will be seen in "The Voice of Conscience," a Metro wonderplay, co-starring Francis X. Bushman and Beverly Bayne which will be shown at the Alhambra, Monday.
Edwin Caprice, director, took his company of leading players to the vicinity of Savannah, Georgia, for the staging of these plantation scenes. With the exception of three principal characters, who were obliged to show marked dramatic ability, all the colored people shown in the scenes were secured in the immediate vicinity. The leading colored players were Pauline Dempsey, who plays Aunt Jenny, Walter E. Broussard (Crazy Pete) and Anthony Byrd, who plays Uncle Mose. Alhambra closed Tuesday.

In "Unknown 274," at the Auditorium Sunday.

JUNE CAPRICE INFORMS

MGR. GEO. PENBERG HOW SUGAR CAN BE SAVED.
Dainty June Caprice, who is seen so often under the First Exhibitors Circuit, knowing Manager George M. Penberg has a very sweet tooth and is more than fond of lemonade and all the other things that go with it. The hustling Auditorium manager a set of her own rules to help avert the sugar famine. The manager suggests that to all his friends, advising them to follow June's advice.
Cut out sweet drinks.
For hot cakes and waffles use honey, maple syrup, jams, jellies or preserves instead of butter and sugar.
Have dessertless days each week. Lessen your use of cake.

GRANDVILLE FESTIVAL

COURSE NUMBERS IN APPROACHING MONTH.
Newark patrons of the Grandville Festival Course, who already hold tickets, should make a note of the date set for the next concert, which is to be given by Arthur Shattuck, a world famous pianist, on Tuesday evening, February 5th. The date for Arthur Middleton, Metropolitan baritone, will be set for the latter part of February.

Overcoming Camouflage.

An American physicist believes that the advantages of camouflage—or at least certain kinds of camouflage—can be overcome by an opposing army by providing colored glasses or screens of contrasting colors to use with field glasses. When the colors of these screens are properly selected, uniforms, and other objects may be made to appear in contrast, instead of in harmony with their surroundings, he claims. Camouflage as practiced in many cases is accomplished largely by the use of paint, objects being given shades that blend with the landscape. In spite of certain difficulties that would arise, it is believed that such efforts at concealment could be rendered quite ineffectual by the means stated.

WHY GO TO CHURCH TOMORROW?

Broadly speaking, all men divide themselves into two classes—churchgoers and non-churchgoers.

If you do not go to church, you put yourself in the non-churchgoing class. As class associates you have for fellowship those who ignore God; those who desecrate his Sabbath and disregard his commandments; those who hang around poolrooms and saloons; denizens of the redlight district and their patrons; the inmates of our jails and penitentiaries (if they were out); and the whole crowd that can well be designated by the general term, "undesirable citizens."

If you go to church you will be in the class that claims the President of the United States, Woodrow Wilson, and his Secretary of State and other members of his cabinet; ex-Presidents Roosevelt and Taft; John Wanamaker, price of merchants; William Jennings Bryan; H. J. Heinz, of 57 varieties fame; Procter & Gamble, soap manufacturers; Sherwin & Williams, who "paint the earth"; The Kellogg, of toasted corn flakes fame; Walter H. H. Hubbell, manager of the Eastman Kodak Co.; the Colgate; Candler, the Coca-Cola man; Huyler, famed for his chocolates; the Studebakers; the Crowells;—and, in fact, most of the big men of today whose bigness is blessing the world.

Go to church tomorrow and be classed with those who are really doing things worth while.

HUGE "SUBWAYS"
AID BYNG'S DRIVE

Engineers Work for Months Preparing the Way.

PLAN ATTACK AS SURPRISE

Tunnels Constructed From Bases Many Miles in Rear Directly to Advanced Trenches—Batteries of Great Guns and Huge Trench Mortars Sent Forward by the Underground Routes—Attack Is Surprise.

Extensive developments in tunneling, subways and other forms of subterranean passages contributed largely to the smashing success of the first phase of the British offensive conducted by the Third army, under General Sir Julian Byng, who was in command of the ill-fated forces at Gallipoli in 1915. Through indefatigable labor covering a period of several months the British army's engineering forces constructed a series of tunnels comparable to New York's four-track subway lines from bases many miles in the rear directly to their advanced trenches, at intervals along the forty-mile front selected for the attack.

It was deemed prudent to adopt this method of preparation in place of the hitherto invariable artillery bombardment. Several factors induced the adoption of the new formula for offensive tactics.

In the first place, one of the principal defensive features of the Hindenburg line was the fosse, or tunnel, running the whole length of the secondary defensive position, with antennae running rearward at intervals. This enabled the Germans to shift and transport troops, munitions and even light pieces underground.

Secondly, the condition of the terrain over which the battle was to be fought was such that it was infinitely better that it be kept solid, dry and firm for the advance of the attacking units, instead of being pounded to a bog of mud and slime by the tremendous hammering of thousands of shells.

Thirdly, it was of the utmost value that the thrust should be a surprise attack, as it was well known that the German high command believed firmly that Sir Douglas Haig's attention was concentrated on the Ypres sector.

General Byng's victory was won on the battlefield chosen by von Hindenburg when he retreated to the famous "line" which bears his name in February and March last. As the German troops fell back they systematically devastated the country, felling trees, blowing up whole forests, dynamiting villages and removing every crumb and vestige of cover for advancing troops from the map. They left the zone of operations bare and naked to the view of their observers on ridges in the rear, in captive "sausage" balloons and airplanes.

The British and French pushed forward their lines in contact with the enemy and dug in and entrenched last March when the German retreat stopped at the Hindenburg line, prepared months in advance and admirably protected by barbed wire entanglements on a scale never before seen.

During the early summer preliminary work was begun for the sudden smash which materialized on November 20. From points far in the rear—protected by ruins of villages destroyed during the battle of the Somme in the latter half of 1916, and from the cover of woods and forests which had sprouted new vegetation despite the axes and hatchets of the retreating vandals, the tunnelers and "sand-hogs" began their work.

The underground routes leading toward the front were no tortuous subterranean passages with tiny, narrow, gage railways and little cars hauled by mules pulling a few shells to each load. Instead they were fine, large, well ventilated and lighted subways, with standard gauge railways inside, and whole trains, propelled by electricity, carrying shells, food and other munitions up toward the front.

By Underground Routes. Entire batteries of the greatest guns ever used in history, as well as the gigantic trench mortars evolved by position warfare, were sent forward by the underground routes, and men in the trenches were relieved by fresh divisions, who traveled in style on the subway trains. Later, on the eve of the attack, whole regiments of cavalry were sent through the tunnels on the heels of the great tanks that lumbered through and held themselves in readiness to start forward.

It was no wonder that the German units occupying the Hindenburg line sectors opposite the front chosen for the British attack, dubbed their line "Eden." No British shelling bothered them in the daytime, and if a few shells were lobbed over during the night, the enemy regarded it as nothing more than the daily "strafe." The British had good reason for withholding their artillery fire during the months of preparation. They knew that every shell they fired would call a Krupp projectile in reply, and they did not want too many enemy pieces sprinkling their rear lines, for there would be danger that the subways—even though they were bored deep—how far underground it may not say—would be wrecked by a penetration shell. The underground lines were cut in various places at different times, however, but always repaired.

Perhaps the good die young, but the older a man grows the less he believes it.

Did You Know

That Charles Lutwidge Dodgson (Lewis Carroll) was born January 27, 1832, at Daresbury? His father was a minister and was the incumbent of this parish at the time. Soon after entering Rugby in 1846, one of Charles' teachers wrote of him, "I have not had a more promising boy at his age since I came to Rugby." His literary bent manifested itself early by the publication of short-lived periodicals, variously named "Useful and Instructive Poetry," "The Rectory Umbrella," and "Misch-Masch." Though Mr. Dodgson was a distinguished mathematician in his place in history, he won by the authorship of "Alice in Wonderland" and "Through the Looking-Glass." "Alice" had its inception on July 4, 1862, when he made a boat trip with the three Liddell children and was besought to "tell a story." At this time he had no idea of its publication but was persuaded by Mr. George Macdonald to submit it to a publisher. It was brought out by Macmillans and was illustrated by Sir John Tenniel. It has been translated into French, German, Italian and Dutch, while the poem, "Father William," has even been translated into Arabic. Lewis Carroll died January 14, 1898.

TRADE FOR THE

CHEESE DEPARTMENT.

The possibilities for building up a cheese department in retail grocery stores and butcher shops, promoting sales of American types of fancy cheese, may be seen in the Bureau of Foreign and Domestic Commerce report on our former purchases of European cheeses. During 1914 we bought \$3,800,000 pounds of cheese abroad. Italy led with 24,500,000 pounds; Switzerland was next with 22,500,000 pounds; France stood third with 5,500,000 pounds, and Holland fourth with 3,700,000, and

small amounts from a few other countries. The average monthly imports were 5,300,000 pounds, while in August, 1917, exactly 90 pounds of European cheese were imported. Most of the imported cheeses can now be replaced with good quality domestic products, such as American type Camembert, Roquefort, Gorgonzola, Edam, pineapple cheeses, Swiss, Limburger, and the like.

"It's cheap," quoted the Wise Guy. "Well, I'm glad to know there is something that doesn't cost any more than it used to," said the Simple Mug.

CONVENIENCE AND NECES SITY.

The straits which the country has reached on the fuel question, as evidenced by the fuel administrator's order shutting down industrial plants, is a reminder that we must make distinctions between the necessities of life, and the mere conveniences. We have upset our entire industrial fabric, on account of fuel shortage. Meanwhile we have been allowing mere conveniences to run along as usual.

The center of the fuel trouble is the railroads. The government has cut off some passenger trains, but a great many are still being run for pleasure travel. These trains will have to double up. If some people postpone their vacations until spring, there will be no suffering. Many business men could save long trips by use of the telephone.

Around large cities, frequent services of suburban trains are run. In the morning and at night when workers are going in and out, this is a necessity. But many trains are run in the middle of the day to accommodate women who go to the big cities on shopping expeditions. Many of these trains are a mere convenience, not a necessity.

While good progress has been made in cutting off needless lighting by blazing electric signs, yet in the average town more light is burned up than is necessary. For a few weeks a lot of these lights could be cut out without hurting anyone.

A great many people could shut off the heat from a few rooms of their houses, and live as their fathers used to. There are a hundred ways in which fuel could be saved so as to keep the factories running. Everybody must help. No one should complain because of trifling inconveniences.

No objection is felt by the Germans to our press censorship, as its effect is to conceal from the American people a lot of facts that the Germans know perfectly well.

Some people's objection to the fuel restrictions is not so much that the factories are closed as that the movie theaters can't open.

The heated arguments over the factory-closing order ought to be a partial substitute for the lack of fuel.

It is confidently predicted that if the Russian Bolsheviks live to be 1000 years old, they may get to know as much as an American primary school boy.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO PHONE 2123.

Mrs. Glenn I. Stowell was hostess to the Progressive Embroidery club at her home in Hoover street on Wednesday afternoon.

A delightful afternoon was spent in various kinds of needle work and a spirited contest in which Mrs. Lee Bratton won the prize.

Preceding the contest the club elected officers as follows:

President—Mrs. Herman Shakely.

Vice president—Mrs. Floyd Graham.

Secretary and treasurer—Mrs. Glenn Stowell.

At a late hour dainty refreshments were served to the members and one guest, Mrs. Joseph Robe.

The club adjourned to meet in two weeks at the home of Mrs. Paul Zengfeld in Pine street.

Mrs. Jesse A. Flory entertained the members of her club with a six o'clock dinner at her home in West Church street on Friday evening.

The table was prettily arranged with jonquills and festoons of smilax and a dinner of attractive appointments was served to the twelve members.

Mrs. Frank Coulter (Irma Alsbach) of Chillicothe, entertained at the home of her mother, Mrs. H. C. Alsbach in Eleventh street on Friday afternoon with a knitting party.

The hours were formally spent and luncheon was served. The guests were Mrs. Oren Hall, Misses Olive Black, Alta Sherburne, Margaret Martin, Kathryn Mueser, Iva Gard and Berenice Wintermute.

On Wednesday evening the annual banquet of the Corticello club was held at the home of Mr. and Mrs. Rich Rice on East Main street. Patriotic colors were used throughout the house. A large basket of red and white roses tied with large bows of red, white and blue tulle centered the table. Place cards of small American flags seated the guests.

An elaborate three course dinner was served. Mrs. Rich Rice acting as toastmaster. The evening was spent in cards and dancing. In the contests Mesdames Royce McClellan and R. Vernon, and Messrs. Claude Messenger and Ora Stevens received the prizes. A prophecy of the club was read during the evening. The following were present: Messrs. and Mesdames Loyd Vernon, Claude Messenger, Royce McClellan, Ora Stevens, Clyde Hupp and Rich Rice, Mesdames George Lynn, Howard Horn, Floyd Elder, Richard Vernon, Misses Mary Gladys Hupp, Charlotte Elder and Masters Karl Horn, Carl Rice and James McClellan.

The "99" club held its winter picnic Thursday at the home of Mrs. E. A. Evans of Hanover. A line chicken dinner was served at noon to members and one guest, Mrs. Frank Slabough of Newark, after which election of officers took place as follows:

President—Mrs. F. S. Montgomery.

Vice president—Mrs. Levi Montgomery.

Secretary—Mrs. Lottie Miller.

Treasurer—Mrs. J. Spencer.

The remainder of the day was spent in Red Cross work.

A musicale will be given by the Silent Circle of the King's Daughters at the home of Mrs. Harry C. Gibson, No. 290 Elmwood avenue, on Monday evening, January 28, at eight o'clock. The good work of this worthy organization though "silent" in name has been felt during these severe wintry days, over the entire city, and the public is most cordially invited. No admission will be charged, but a silver offering will be taken.

The following program will be given:

Greeting—Mrs. Mary Miller.

Star Spangled Banner—Audience.

Piano solo: Fifth Waltz, Godard—Miss Frances Banton.

Vocal solo: "Bob-o-Link," Bishop—Mrs. Chandler Tucker.

Violin solo: Adoration, Borowski—Martha Flurschutz.

Reading—Marie Trickey.

Piano solo: (a) Liebestraume, Nocturne No. 3, Liszt; (b) Sextette from Lucia de Lammermoor, Leschetzky, (with the left hand alone)—Miss Frances Banton.

Violin solo: Rondino, Kreisler—Miss Martha Flurschutz.

Reading—Marie Trickey.

Vocal solo: (a) "The Magic of Your Eyes"; (b) "Sorter Miss You"—Mrs. Chandler Tucker.

Mrs. George Hamilton entertained the members of the Elkie Crochet club, Thursday afternoon at her home, Eastern avenue. The hours were spent in crocheting, and Mrs. C. Nichols was awarded the prize.

The luncheon of delightful appointments was served the following:

Mrs. Harry Brown, Mrs. Homer Robinson, Mrs. William Winters, Mrs. Guy Robinson, and the guests: Mrs. William Geiger, Mrs. Arthur Cornell, Mrs. Walter Trickey, Mrs. John Bary, Miss Bernice Webber.

The next meeting will be held at the home of Mrs. Harry Brown, National Drive, February 7.

A delightful surprise party was arranged in honor of Mrs. Lida Ball at the home of Mrs. James Irwin, Hudson street, on the anniversary of Mrs. Ball's birth. The party was informally spent and luncheon, brought by the guests, were served. Mrs. Ball received many pretty gifts.

The invited guests were: Mrs. Charles Weston, Mrs. Walter Scott, Mrs. William Bowden, Mrs. W. H. M. Jey, Mrs. James Irwin, Mrs. Chas. Gillette, Mrs. William Smiley, Mrs. H. P. Scott, Mrs. Edward Williams, Mrs. Charles Brown, Mrs. John Child, Mrs. E. W. Paul, Mrs. Hannah Allen and Mrs. Alta MacEvoy.

GRANVILLE

(Special to The Advocate.)

Granville, O., Jan. 26.—About 20 women, representing various organizations in the village, met Friday afternoon in the Presbyterian church at the call of Mrs. Fred McCollum, secretary of the A. F. F. W., for the purpose of effecting an organization which shall have authority to manage the proposed sale for the benefit of the local A. F. F. W. and Red Cross units. Mrs. Fred McCollum was elected chairman, and Mrs. John Owen, secretary. A central committee was elected whose members in addition to chairman and secretary above-named, are to be Mrs. Albert Guckert, Mrs. E. H. Hammond, Miss Viola Kier, and ex-Officio Mrs. Robert Biggs and Mrs. Frank Kay, president of Granville A. F. F. W. and Red Cross. Mrs. J. E. Megaw was appointed by the chair to report on available places in which the sale can be held. The feeling that the enterprise should be rushed was expressed, and it is expected that all plans for a really big undertaking shall have been completed before the end of the three weeks voted upon, so that the various articles sent in may be carefully classified and arranged. The sale is not to be the familiar old "rummage among the rubbish," but will include articles donated out of the spirit of patriotism, which is so strongly felt in this community. It will afford every family the opportunity of giving in a way that will be least felt, although a good deal of sentiment for familiar objects—possibly duplicate gifts—must be sacrificed on the altar of patriotism. Solicitors will visit every home in Granville next week, explain the nature of the sale, give a suggestive list of articles to be handled—not including old clothing—and arrange for the collecting at a stated time (thereafter). It is confidently expected that every family will respond in some way, even if it is only for the "melting pot."

The next meeting of the organization will be held at 4 o'clock, Monday afternoon, in the lecture-room of the Baptist church, following the "Travelers' program."

The Granville Masons have completed 2000 trench candles, which were made in the club rooms this week, and have turned them over to the A. F. F. W. for shipment.

The meeting of the W. C. T. U., Friday afternoon, at the home of Mrs. Alice Alward, South Mulberry street, was well attended and unusual interest was manifested in the talk by Mrs. Lucy Van Kirk on "Scientific Temperance Instruction," treated with her customary thoroughness and originality of expression. A brisk discussion followed the talk. The president, Mrs. John McLain, presided at the business session and the devotional service. Mrs. Alward, the hostess, passed light refreshments. The next meeting will be held in two weeks at the home of Mrs. Henry Jones, North Pearl street.

Mrs. Sarah Meyers is again able to be out after the long confinement from injuries suffered in the automobile accident in Newark last fall.

About 50 Shepherd College girls assembled in Red Cross headquarters Friday, which has been set aside as their own day for work. Mrs. Theodore Johnson, secretary of the local Red Cross unit, supervises this work, being ably assisted by Mrs. W. J. Livingston.

Mrs. Mary Dundy and Mrs. M. F. McKibben, the latter having sent in two new sewing machines, an ironing-board and set of irons, which fill a long-felt need. The girls are all wideawake and enthusiastic, and their combined efforts already count for much in the organization.

Mrs. L. A. Austin was hostess last evening to the local chapter of the D. A. R., which held its annual meeting and election of officers. Mrs. E. P. Cook was elected regent, Mrs. Ernest Sheppard, secretary; Mrs. Mary N. Jones, treasurer; Mrs. W. E. Clements, registrar; Miss Blanche Horton, corresponding secretary; Mrs. F. L. Ferguson, historian. The organization heartily endorsed the idea of the sale now being planned for the benefit of the local A. F. F. W. and Red Cross.

At the Baptist church, Sunday, Dr. H. W. Vincent of Toledo, will conduct both morning and evening services, which will conclude his two weeks' engagement with this church. At 7 p. m., there will be a union meeting of all the churches to receive Dr. Vincent's farewell message.

There will be morning services at the M. E. church, with sermon by the pastor, Rev. B. F. Crawford.

Morning services at the Presbyterian church will be conducted by the pastor, Rev. E. D. Barnes.

MEMBERS RELEASED.

(Associated Press Telegram)

London, Jan. 26.—The social revolutionary members of the recent constituent assembly, who were arrested, have been released, according to a Petrograd dispatch to Reuters. The same dispatch states that the congress of peasants, which is supporting the constituent assembly has been dissolved and the members of its presidential board arrested.

CLEANS THE BLOOD TONES THE NERVES

The gratifying results attending the faithful use of the new medicinal combination, Hood's Sarsaparilla before eating and Peptonin after eating, are seen in purer blood, stronger nerves, improved condition of the whole system.

They are results that make this course of treatment the most efficacious for sufferers from impure, impoverished blood, weak, unsteady nerves—no other accomplishes so much for each cent expended.

Hood's Sarsaparilla and Peptonin aid each other, and to take both is to derive a double benefit.

If a laxative is needed in connection with them, the gentle and thorough Hood's Pills should be used.

A Tonic for Strength

Winter often makes severe demands. Bad weather, exposures and heavy food derange the system, introduce a congestion that speedily becomes catarrh and weaken bodily strength.

A good tonic, one that dispels congestion and overcomes catarrh, will carry you through these attacks if taken in time to be effective.

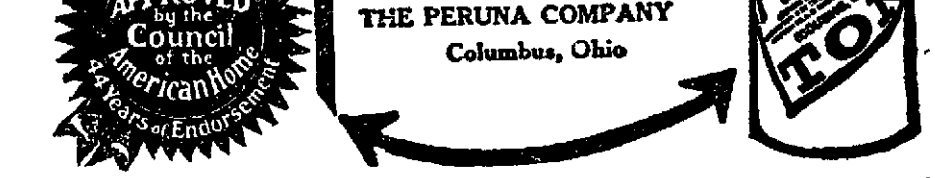

PERUNA is such a tonic. Its use in colds, digestive irregularities and weakened systems has met with wonderful success, while its regular administration has in thousands of instances

Conquered Catarrh

The forty-four years it has been used by the American public has firmly established it in the confidence of the people. Its merit has won. You can well afford to accept the verdict of time and many thousands, some of them in your own circle.

Liquid or tablet—whichever is more convenient for your use.

Manalin is the ideal laxative and liver tonic—the only one to be taken with Peruna. Liquid or tablet—the latter delicious and convenient.

WOMEN'S CLUBS

BY MRS. MARY PROCTOR WILSON.

Send concise reports of your activities to the director of the press, Mrs. Mary Proctor Wilson, Lebanon.

Letter From General Federation Secretary.

Since our last biennial convention the greatest record of service made by our women's clubs has been incident to the war, and the General Federation is now calling upon our State Federation and its individual clubs, that our state which has already responded so nobly, both financially and in women power, be given its share in the great record of patriotic service to be presented at the Hot Springs convention. As General Federation secretary for Ohio I urge that all clubs notify me at once as to their club activities which stand as war services. You are asked not cite individual efforts of women in the clubs, but to note all club activities as follows: List the club appropriation of certain amounts of money for Liberty Bonds, for the American Liberty Association war funds, for the Red Cross, etc.; name the club hours which have opened for Red Cross or other services, the entertainments given to raise money, etc. Also send to me all signed General Federation food pledge cards. Please give this your immediate attention.

Your promptness in reporting to me is highly important as I must make my report to the General Federation early in February.

Cordially yours,

Mrs. Julius Fischer.

Middle East Convention.

The middle east district will hold the first meeting at Cambridge early in March, guests of the "New City Federation." The district is composed of Belmont and eight adjacent counties. The state president Mrs. Root, and other state officials will be present.

In Columbus, in November, a Patriotic League composed of 600 girls was organized, and in addition to rendering other important war work are rendering a great service in many other fields of labor. In this league of nine industrial clubs, federated into one great organization. It is said this organization has grown more rapidly than any other in the federation.

At its annual meeting in January, the president, Mrs. Jacob Brenner of the Youngstown Federation of Women's clubs, reported a most prosperous year. The membership of the federation now includes 37 clubs. At this meeting a fund of \$700 was set aside for a club house. The federation has issued a complete club directory that yielded them more than \$700. The directory contains the reports of all chapters of the committees and the names of all members of the different clubs in the federation.

Every Day Etiquette

"When one receives an invitation to a luncheon and three persons enclose their cards, what is the proper way to answer?" asked puzzled Dot.

"You should reply to the invitation in the third person on note paper and address the same to the hostess who is to serve the luncheon. In the acceptance you should mention the names of the owners of the other enclosed cards and express your pleasure at the opportunity of meeting them," replied her mother.

Our Boys and Girls

Home should be a place of caring and sharing. There are many homes, however, which are little more than nurseries, houses in which all serious and adult thought, conversation, speculation and mutual adult service to the world, are rendered practically impossible by the overwhelming preponderance of the children's demand on the attention.

A real home is not a place of mere material comfort. The child's own relation to the home is an entirely spiritual thing. Here is an ideal government, a republic to which it is his privilege to be devoted and loyal. Here, with the other members of the home, he shall be equal in all his rights and equal only.

Wealth doesn't bring true happiness, but many a man is satisfied with a good imitation.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. It penetrates to the sore spot with a gentle tangle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, croup, croup, stiff neck, asthma, neuritis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

FUEL REGULATIONS.
Washington, Jan. 28.—Confusion arising from unauthorized diversion of coal by local fuel officials prompted the fuel administration today to issue a definite set of regulations governing the practice, which provide that:

Coal intended for destinations outside of a state must not be diverted by state administrators without approval from Washington.

Charmen of local committees must not divert coal intended for other communities without the approval of state fuel administrators.

Coal must not be diverted from one preferred consumer to another except in emergency cases. Coal destined to by-product coke ovens must not be diverted except in emergencies to relieve human suffering.

Coal destined to tidewater must not be diverted except with the approval of Washington.

Coal must not be diverted until arrangements are made to pay for it.

ANNUAL MEETING OF FARM BUREAU WAS HELD TODAY

The annual meeting of the farm bureau of the Chamber of Commerce was held at 10:30 o'clock Saturday morning at the Taylor Hall with a large attendance.

W. C. Hall, who was the first speaker traced the genealogy of the farm bureau and placed the credit with the Chamber of Commerce. He concluded his talk by asking the question, "Who is the Daddy of the Farm Bureau?"

H. C. Price, who responded under the caption of "Guilty or Not Guilty," admitted that he was proud of the farm bureau's genealogy. Mr. Price discussed the part tractors are to play in the farming of the future and told of the recent meeting at Columbus with Governor Cox and the outlook for the future.

O. S. John, state leader, told of the proper methods of organization and depicted the sort of men who should serve on the executive committees. He told the listeners to get the hobby and interest of the men. At noon the meeting adjourned and luncheon was served at the Kuster restaurant.

This afternoon there will be an election of officers, and the report of the secretary-treasurer, O. A. Brooks, will be heard.

Miss Jessie Whitacre of Ohio State University delivered a talk on "Home Economics" and L. L. Nowlis, the new agricultural agent of the farm bureau told of the "Embarrassments of a County Agent."

DAUGHTER OF OHIO'S GOVERNOR WILL WED AT 6 THIS EVENING

(ASSOCIATED PRESS TELEGRAM)
Dayton, June 26.—The snowed hills south of the city, surmounted by the stately home of Governor James M. Cox, held the center of attraction for this city today as the hour drew near for the marriage of Miss Helen Harding Cox, daughter of the governor, and Lieutenant Daniel J. Mahoney of Camp Funston, Kansas, more recently of Denver, Colo. The ceremony will take place at 6 o'clock tonight in the presence of about 30 guests. A marriage supper will be served before the young couple depart for a honeymoon trip to the south. They will be gone a week, returning to Manhattan, Kas., where they will make their future home. Father Martin P. Neville, a local Catholic priest, will perform the ceremony. The governor will give the bride away.
The attendants will be Mrs. J. Boggs Kavanaugh of St. Louis, and James Cox, Jr., brother of the bride, a student at Culver Military Academy, Culver, Ind. Spring flowers adorned the interior of the governor's mansion.

WILL FURNISH CARS FOR TRANSPORTATION OF ALLIES' FOODSTUFFS

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 26.—Assurances that adequate numbers of railroad cars will be furnished for transportation to seaports of allied purchases of foodstuffs was given by Director General McAdoo today in conference with Sir Richard Crawford, commercial adviser of the British embassy; Andre Tareu, French high commissioner, and Count Dellella, the Italian ambassador and high commissioner.

RIGHT FROM THE SHOULDER

Truth and popularity seldom keep company.

Those who travel fastest are generally the slowest to settle.

No diplomat can hope to hold his job longer than he can hold his tongue.

There are more slackers than paupers in the present ranks of the unemployed.

The price of fuel has risen to a point where a hot-air artist is regarded as a social lion.

These are the days when the coal man gathers in the shakels the ice man overlooked.

Popularity is often found among the remnants on the bargain counter, but success, never.

Chemists have failed utterly to explain why cold cash so often burns holes in one's pocket.

Few persons reach that degree of eminence where they can become annoyed at camera flashes.

Many a man possessing a Liberty button carries it in concealment while the income tax deputy is about.

Some patriots are so punctilious about observing a meatless Tuesday that they will not even order a Welsh rabbit.

Since the advent of woman suffrage in California the marriage rate has steadily declined; too many women prefer espousing a cause to a husband.

Crayon Will Help.
When someone has knocked a white place in the wall paper copy the proper coloring of the figure with crayons and the spot will not show.

Muggins—'Hello! Buggins. What keeps you out so late? It's nearly 2 o'clock.' Buggins—"Well, I made my mind to go home at midnight, and I've been all this time trying to think up an excuse for not having been home at half-past 10."

Save for Uncle Sam and Yourself
Thrill Stamps Will Help Win the War and Start You to Prosperity

If everybody in Ohio would get into the war savings campaign as the Newark school boys and girls are doing the Buckeye state would "go over the top" with flying colors. This state is asked to buy \$106,000,000 worth of these war savings stamps and of that sum \$1,230,180 worth has been assigned to Licking county. In the first week of the school campaign Newark boys and girls bought \$454.75 worth of stamps, a remarkable record, and reports sent to Supt. Hawkins last night show sales in the elementary grades alone for the second week amounting to \$2163.50 with the high school to hear from. The high school will no doubt report not less than \$1000 for the second week and if so that makes a total for the public schools in two weeks of \$7718.25. Supt. Hawkins, the teachers and pupils are to be congratulated.
Postmaster Geach of Granville reports total sales of war savings stamps \$8345. It didn't take Granville long to get busy in the stamp campaign. Mr. Geach, Mr. W. H. Kussmaul, Cashier C. B. Slack, President Chamberlain and Mrs. Burton Case are doing especially good work at Granville.

SOCIALIST LEADER ISSUES WARNING TO MILITARY LEADERS

Amsterdam, Jan. 28.—Philipp Scheidemann, president of the social democratic party in Germany, answering Chancellor von Hertling's speech in the main committee of the reichstag warned the military leaders of the imperial government that if they did not bring about peace between Germany and Russia, "they would be hurled from power."
Scheidemann's reply to the chancellor as published in the Berliner Vorwaerts follows:

"Two chief arguments were advanced by the militarist party for the prolongation of the war, namely, the success of the U-boats and the strength of our army. But these were to have given us a decisive victory in six months, according to the announcement made in 1916. Alas, that period has long since passed and while the U-boat has admittedly harmed England enormously its chief visible effect has been the entry of America into the war.

"If the United States had not entered the war we may be sure the Russian revolution would long ago have brought a general peace.

"What about the army? Suppose the army should capture Calais and Paris would that mean peace? I say 'No!'

"Suppose the army conquered France and England, would that mean peace? I say 'No!' for we still have to conquer America."

Herr Scheidemann fiercely attacked the militarist leaders declaring that their attitude toward Austria was likely to lose for Germany her last friend.

"If our government leaders cannot free us from these 'patriots,'" said the social democratic leader, "they had better go. I warn them that if they do not bring us peace with Russia they will be hurled from power."

Herr Scheidemann declared that an agreement easily was possible on eleven points of President Wilson's statement.

"But Mr. Wilson must be told plainly," the speaker said, "that Al-

The Granville Times, Pataskala Standard, Utica Herald, Utica News-Herald, Johnstown Independent are all doing effective work on behalf of the stamp campaign. In every issue they carry much free publicity and also advertising paid for by patriots in their own communities.
In December the Newark postoffice sold \$13,116.15 worth of war savings stamps. A much better record will be made in January. For instance, Postmaster Mercer sold \$4,853.20 worth in a single day this week.
The Johnstown Independent is hosting the stamp sale in every issue. Postmaster Duckworth, Cashier

sace is Germany's and will remain so. If one clear word is spoken regarding Belgium, England's war-mongering will end. An honorable, complete reinstatement of Belgium is our duty."

SALVATION ARMY IS RAISING FUND FOR HUTMENT WORK

The war work of the Salvation Army has just received the approval of the commission on training camp activities, of which Raymond B. Fosdick is chairman. With this endorsement, together with those of the Ohio branch Council of National Defense, and of Dr. John R. Mott, international secretary of the Y. M. C. A., the Salvation Army is about to undertake in Ohio its campaign for \$140,000 as Ohio's share of the million dollars to be raised in the nation.

Dr. Mott views the Salvation Army as occupying a distinct and valuable place of its own, reaching men other organizations could not reach with recreational and clean entertainment, and not as competing with the Y. M. C. A. or any other welfare organization.

The money to be raised in Ohio is not for the purpose of starting work in France and at the camps, for the work is already going on splendidly. It is to continue and enlarge the work that the "army" is asking for the money. Lieutenant Colonel Barker of the Salvation Army, in charge of a "hutment" or building, serving 2500 American soldiers at the front in France. The building was put up by soldier-labor and is maintained like a number of other buildings of the same kind, by contributions from this side.

The Sick

Martin Rauck, who has been home for two weeks suffering with quinsy, is recovering nicely.

Mrs. Oren Farmer underwent an operation at the City Hospital yesterday. Dr. H. H. Postle was the attending physician.

JOHN D. WELLS, POET, CALLED RILEY'S SUCCESSOR, ENLISTS TO ENTERTAIN U. S. SOLDIERS "OVER THERE"

"Back when the nation was needin' sons
Most 'em natchery took 't guns,
'Ceptin' Jim and he says—says he:
'I choose sticks an' a drum for me.'"

The man who recognized and immortalized the value of "Old Jim Wade's" drumming in '63, knows that human nature has not changed in the half century since Jim put pep into the boys with his rat-a-tat-tat.

This student of human nature is John D. Wells, erstwhile smithy, traveling showman, U. S. cavalryman, machinist, journalist and finally managing editor of the Buffalo Evening News and author of several volumes of "Delicious Verse"—"Old Good-By's" and "Howdy-Do's" and "Your Folks and Mine"—already well known and well loved, and now a new volume, "Rhymes of Our Home Folks," just published.

John D. Wells does not write about sirens and sexes, nor aoms and enigmas. It takes no lecturer to interpret his poems. They tell of simple, homely, every-day things of life. They are full of music. They are full of truth. To read them once is to read and reread them many times. They grip the heart as Riley's poems do. "This said Riley's mantle has fallen onto Wells's shoulders."

The man whose pen has traced these lovable rhymes knows the heart of the soldier, and the want of that heart. He knows that after the madness of battle, the heart yearns for something soothing—something sweet—something of home and the home folks, and John D. Wells means that they shall have it. He is going to take it to them. He realizes that his gun-carrying days are past, but like "Old Jim Wade" he will drum the boys along with songs of home and home-life and songs of other soldier boys.

Big-heartedness, sacrifice and sense of duty will swell the breast of every soldier who listens to Wells's tale, "A Cavalryman."

Wells will not be privileged to whack at the foe with butt and bayonet, but he will make every mother's son who hears him read "An Old Sayin' of Mother's," whack with double energy.

This is the tale of a trooper, a fellow who had no God—Who earned his pay on a scrubby bay at the left of a ragged squad; Booted and spurred and cursing, with nary a thought of food. He made but one, as the rosters run, of the Fighting Brotherhood.

OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, Calomel, Pills Act on Bowels Like Pepper Acts in Nostrils.

Enjoy Life! Don't Stay Billous, Sick, Headachy and Constipated.

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to take weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle, and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

CENTENARIAN DIES IN WELSH HILLS AT 97 YEARS OF AGE

Mrs. Margaret Herrigall Bishop, who, if she had lived until today, would have been 97 years old, died at her home in the Welsh Hills at 9:30 o'clock last night. Mrs. Bishop was married when she was 16 years old, and her eldest daughter, who is also seriously ill, will soon be 80 years old.

The deceased was aged 96 years 11 months and 29 days, and is survived by four daughters: Misses Samantha and Orlanda Bishop of the home, Mrs. Letitia Smith of Newark, and three sons: Asa Bishop of Newark, Lawrence Bishop of the home, and Stephen of Newton township; two sisters: Mrs. E. Hammond of Alexandria, Mrs. Rosie Ramey of Granville; 15 grandchildren and seven great-grandchildren.

The deceased was born in Muncie, Indiana, and 52 years ago came to Licking county to reside.

Funeral services will be held at the Welsh Hills church, Sunday afternoon at 1 o'clock. Interment will be made in the Granville cemetery.

SOLDIERS' LETTERS

Editor of The Advocate:—Having
received the Licking county medal
a few days ago, I wish to thank you
very much for the same. We are
now at Hampton Roads, Va. Naval
Training Station. This is quite a
camp consisting of about 17,000
sailors. We are all regular sailors
now and enjoy the life very much.
We are in the best of health and hope
to get a leave for dear old Newark
soon. There are eleven Newark fel-
lows in the bunch here and I am the
only one who has thus far received
a medal. The following are the en-
listed men here from Newark: Ray
E. Bailey, Harold R. Barnhill, Rich-
ard C. Shide, Dewey R. Hendren,
Tracy O. Potter, William E. Moody,
Samuel J. Kuhn, Clarence Walton,
Albert Daugherty and Morgan J.
Mathias. Their address is, U. S.
Naval Base Co. 119, Hampton Roads,
Va. except Albert Daugherty, Wil-
liam E. Moody, Clarence Walton,
whose address is Norfolk, Va. Det.
Camp. Yours truly, Chas. D. Brown,
U. S. Naval Base Co. 110, Hampton
Roads, Va.

NO QUININE IN THIS COLD CURE

"Pape's Cold Compound" ends
colds and gripe in
a few hours.

Take "Pape's Cold Compound"
every two hours until you have
taken three doses, then all gripe
misery goes and your cold will be
broken. It promptly opens your
clogged-up nostrils and air passages
of the head; stops nasty discharge
or nose running; relieves the head-
ache, dizziness, feverishness, sore
throat, sneezing, soreness and stiff-
ness.
Don't stay stuffed-up! Quit blow-
ing and sniffling. Ease your throbb-
ing head, nothing else in the
world gives such prompt relief as
"Pape's Cold Compound." It
costs only a few cents at any drug
store. It acts without assistance,
tastes nice, and causes no inconve-
nience. Accept no substitute.—Adver-
tisement.

Lodges

L. O. O. F.
Newark Lodge.
Last Tuesday evening Newark
lodge held a very interesting meet-
ing which was well attended. The
second and third degrees were con-
ferred on two candidates. There
were several applications received.

Next Tuesday evening we will
hold a joint installation with Olive
Branch. It is hoped we will have a
full turn-out of Newark lodge mem-
bers.
Brothers remember we are hold-
ing our regular meetings on Tuesday
nights instead of Monday. There
seems to be some dispute as to
whether lodges come under the order
of the Fuel administrator. However
the Odd Fellows are more than will-
ing to help out in this matter.
Come to lodge Tuesday evening.

Canton Olive.
Canton Olive, No. 100, and the
Ladies' Auxiliary No. 10, held a joint
meeting last Wednesday evening, this
being installation night. Col. Dr. P.
H. Cosner installed all the newly
elected officers of the Auxiliary,
several applications for membership
were read. After the meeting Degree
Master Wm. Oatman rehearsed the
Auxiliary degree which is one of the
most beautiful in Odd Fellowship.
Captain L. L. Shannon called a
special meeting of the Canton for
Saturday evening, Jan. 26th for in-
stallation of officers.

Olive Branch Lodge.
Olive Branch Lodge held a short
session Tuesday evening, Jan. 21.
Owing to the shut down Newark
Lodge was unable to meet on Monday
night. So the two lodges met on
Tuesday night. The second and
third degrees were conferred on
some members of Newark Lodge. On
next Tuesday evening, Jan. 29, there
will be a joint installation of the of-
ficers of the two lodges and a good
big turnout is requested. Visiting
brothers are always welcome.

DAUGHTERS OF VETERANS.

Tent 25, Daughters of Veterans.
met in regular session Tuesday night
with the president, Mrs. Laura Kunk-
ler in the chair. The usual line of
business was carried out.

The Tent accepted an invitation to
attend the presentation of the service
flag at the K. of P. Hall on Sunday
afternoon. The presentation of the
service flag at the Lutheran church,
which was to have been held January
19, was postponed till January 27
on account of the intense cold, and
the president requests a good atten-
dance of the tent, meeting at the hall
at 7 o'clock to attend in a body. Mrs.
Emma D. Hickman and Mrs. Jessie
Phillips installed the officers of
Granville Tent at Granville, Tuesday
night of last week.

The Red Cross work is progressing
very nicely. There is an urgent de-
mand for the outfitting hospital shirts
which we are now making, so every
member who possibly can is urged to
come and help every Friday.

The time of the next meeting will
be announced later, the next regular
meeting conflicting with the celebra-
tion of Lincoln's birthday, which is
being planned by the patriotic orders.

K. O. F.
Newark Lodge.
Newark Lodge held its regular
meeting last Thursday evening with
a good attendance, considerable busi-
ness of importance was disposed of.
The Knight rank was conferred
upon a class of 17 candidates in full
amplified form, the team is to be
congratulated for their efficient
work. One new application was re-
ceived and two applications balloted
on and elected.

Brother Lee Fleming died Wednes-
day evening and the funeral was
held at his residence, 677 East Main
street, Friday afternoon, burial at
Cedar Hill cemetery.

Sunday afternoon, Jan. 27, the two
subordinate lodges will dedicate two
service flags in honor of the mem-
bers serving in the army and a good
program has been arranged.
Next Thursday evening, Jan. 31st
Mentor Lodge No. 642, of Columbus,
will confer the Knight rank here.

SHE WANTS TO GET 25,000 NURSES

Miss Dora E. Thompson.
The war work of Miss Dora E.
Thompson is to get 25,000 trained
women for nurses. She is superin-
tendent of the army nurse corps and
exercises supervision over the navy
nurse corps as well.

This is one of the best Knight rank
teams in this Grand Domain and
every member should make arrange-
ments to witness the work.

Uniform Rank.
The annual inspection of Licking
Co. No. 121, took place last Wednes-
day evening at J. J. Gatrell of Col-
umbus as inspecting officer.

The Company was found to be in
excellent condition and the Col.
stated that it was one of the best
drilled companies in Ohio.
Following the inspection a short
program was carried out which was
followed by a drill of the famous
drill team of Alberta Temple Pythian
Sisters who recently took first prize
at the district meeting held in Colum-
bus. Light refreshments were served
after which the young folks en-
gaged in dancing.

Roland Lodge.
Sunday afternoon all Pythians,
their families and friends will at-
tend the patriotic service at the
Pythian castle in honor of the boys
of the army and navy of Uncle Sam.
Two large service flags will be un-
furled and A. R. Evans will deliver
an appropriate patriotic address.
Patriotic music and other talks will
make an interesting program. Roland
lodge has 23 stars on its flag in hon-
or of that many of its members who
have joined the colors. The hour is
2:00 o'clock.

Rev. Mr. Kemper of the Neal Ave-
nue M. E. church, a member of the
order, has invited all Pythians in the
city to attend services at his church
Sunday evening, Jan. 27. The invita-
tion has been accepted and it is hoped
a large number will meet in the
basement of the church and march in
a body.

Last Tuesday evening's meeting of
Roland was inspiring in several ways.
The enthusiasm displayed by a
number of the brethren was catching
and no doubt much good was done.
Ask some one who was there about
it. One petition was received and
referred. After the close of lodge,
light refreshments were served.
Next Tuesday evening the
Knight rank will be conferred and it
is desired that a large number be out.
There will be several new faces in
the team and you will want to give
them the "once over."

GRANGE.

Wilkin's Run.
The Wilkin's Run Grange No.
1979, met Tuesday evening with a
large crowd present. After the regu-
lar routine officers were installed by
Mr. and Mrs. John Lambert of Wy-
oming Valley grange, of Vanatta, in
a very impressive manner. After the
installation, Rev. A. B. Cox of New-
ark gave an address, using as his
subject, "Co-operation," or pulling
together, which was enjoyed by all
present. Luncheon was served consist-
ing of cake, buns, coffee and pickles.
The following officers were installed
for the year:

Master—Chas. B. Westbrook.
Overseer—Chas. C. Roe.
Lecture—Inez Dudgeon.
Steward—Dorr Lynn.
Assistant Steward—Evan Lloyd.
Chaplain—Chas. Wilkin.
Treasurer—Raymond Bell.
Secretary—Levi Lynn.
Gate Keeper—Nelson Wilkin.
Careless—Edw. Myers.
Pomona—Dallas Hoover.
Flora—Alta Swisher.
L. A. Steward—Eva Layman.
Business Agent—John Dudgeon.
Legislature Agent—Cary Pound.
Organist—Lulu Layman.

EASTERN STARS.

Newark Chapter.
Newark Chapter, Order of Eastern
Star held its annual installation in
the hall on West Main street.
Past Worthy Patron—Albert Reck-
nagel installed the following officers
for the ensuing year:

Worthy Matron—Mary Bounds.
Worthy Patron—Dr. Howard Bar-
rick.
Associate Matron—Fern Wollard.
Secretary—Mary Howard.
Treasurer—Lillian Bradley.
Conductress—Martha Rainey.
Associate Conductress—Laura
Marple.
Chaplain—Katherine Robe.
Mantle—Carrie Bradley.
Organist—Della Bash.
Aid—Myrtle Barrick.
Ruth—Alma Hare.
Esther—Alice Reid.
Martha—Pearl Shrontz.
Electa—Edna Shrontz.
After these officers had been in-
stalled, Sister Attila Griffith in a
very pleasing manner presented the
Past Worthy Patron, Brother Reck-
nagel, with a Past Worthy Patron's
Jewel, which was accepted by him in
a very feeling manner. Just after
this Dr. Barrick in a few well chosen
words presented him with a beauti-
ful bouquet of flowers for the pleas-
ant and efficient way in which he
had installed the officers.

The committees all had splendid
reports of the year's work, especially
the relief committee—telling of the
flowers sent to the sick and the num-
ber of visits made them.

After the meeting closed, the vi-
sitors from different chapters and
members were invited to the dining
hall, where a nice supper had been
prepared by the entertainment com-
mittee, to which all did ample justice.

W. R. C.
The W. R. C. met in the G. A. R.
hall Wednesday.

The meeting was called to order
by the president, Ella McDermish.
The president appointed Mrs.
Stella Ingh as press correspondent
and Mrs. Ida Burch as patriotic in-
structor.
Comrade Hunt gave a short talk.
Mrs. Ida Burch made a few remarks
which were appreciated by all present.
Lodge closed to meet the second
Wednesday in February.

BRYAN TO OPEN CAMPAIGN.

ASSOCIATED PRESS TELEGRAM.
New York, Jan. 26.—William J.
Bryan will open the campaign of
prohibitionists to obtain ratification
of the national prohibition amend-
ment in the New York state legisla-
ture by two speeches here tomorrow.
Five thousand ministers
throughout the state will aid the
various temperance organizations in
speeding up the campaign, it is an-
nounced.

There's plenty of room over the
top.

SCOTS IN U. S. JOIN COLORS OF BRITAIN AS PIPERS PLAY

The Campbells are going from the
U. S. A. to fill the gaps in Canadian
and English ranks, so also are the
Cameron men, the McDougalls, the
MacDuffs, the Stewarts and the
other clansmen. No wonder the bag-
pipes skirl at recruiting drives. The
Scots are swarming to the colors.
In Chicago headquarters of the
western division of the British-Can-
adian Recruiting Mission, which
leads all divisions in number of re-
cruits, nearly every member of the
Robert Burns club has enlisted.
Credit is given to the Kiltie band of
Scotch bagpipers for a large number
of the recruits, for all hearts are
thrilled by the Highland quicksteps
they have played in parades and at
mass meetings.
In war time the pibroch stirs a
Scot as nothing else can do and Pipe
Major Kay and his men have led
thousands to the recruiting depot.
The pipers are enlisted men of the
42nd Highlanders.
The growing stream of Canadian
and English men is due in part to a
2 per cent increase in the separation
allowance to \$25 a month for the
families of enlisted men, also to the
agreement of the American Red
Cross to supplement the aid given to
the families by societies allied to the
Canadian Patriotic Fund. Canadian
and British men have been assured
that in the watchful care of soldiers'
families the American Red Cross will
show no favoritism, but reach all
shamlets, towns and cities with its
relief work for their dependents as
well as those of the United States.
